INDEPENDENT AUDITORS' REPORT

To the Board of Directors of Greater Wayne County Economic Development Corporation Detroit, Michigan

We have audited the accompanying financial statements of the Greater Wayne County Economic Development Corporation (GWEDC), a Michigan Public Corporate as of and for the year ended September 30, 2005, as listed in the table of contents. These financial statements are the responsibility of GWEDC's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of GWEDC as of September 30, 2005, and the changes in its financial position and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

The management's discussion and analysis (identified in the table of contents) is not a required part of the basic financial statements, but is supplemental information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplemental information. However, we did not audit the information and express no opinion on it.

In accordance with *Government Auditing Standards*, we have also issued a report dated March 2, 2006 on our consideration of GWEDC's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grants. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

March 2, 2006

GREATER WAYNE COUNTY ECONOMIC DEVELOPMENT CORPORATION MANAGEMENT DISCUSSION & ANALYSIS SEPTEMBER 30, 2005

As management of the GWEDC, we offer this narrative overview and analysis of the financial activities of GWEDC for the year ended September 30, 2005. Readers are encouraged to read it in conjunction with the accompanying basic financial statements.

OVERVIEW OF THE FINANCIAL STATEMENTS

This annual report consists of the financial statements, which focus on the GWEDC as a whole, and the notes to the financial statements, which provide additional information that is essential to gain a full understanding of the data presented in the financial statements.

The financial statements consist of the Statement of Net Assets, the Statement of Revenues, Expenditures and Changes in Net Assets and the Statement of Cash Flows. These statements are prepared using the full accrual basis of accounting, which is similar to that employed by businesses in the private sector.

The **Statement of Net Assets** presents information on all of the assets and liabilities of GWEDC, with the difference between the two reported as *net assets*. Net assets can be thought of as one way of measuring the financial strength of GWEDC. Increases or decreases in net assets over time may serve as a useful indicator of whether the financial condition of GWEDC is improving or deteriorating.

The **Statement of Revenues, Expenditures and Changes in Net Assets** presents information showing how the net assets of GWEDC have changed over the course of the most recent fiscal year. All changes in net assets are recognized as soon as the underlying transactions take place, regardless of the timing of the related cash flows. As a result, certain revenues and expenses reported in these statements are related to items that will only result in cash flows in future years.

The **Statement of Cash Flows** presents detailed information about the changes in the cash position of GWEDC during the year.

The **Notes to the Financial Statements** provide additional information that is essential to gain a full understanding of the data presented in both the government-wide and fund financial statements and begin on page 4 of this report.

FINANCIAL OVERVIEW

It is important to recognize the mission of GWEDC when analyzing its financial position. GWEDC is funded primarily by Wayne County and was created on November 22, 2004 for the purpose of administering economic development program and function in Michigan. Since this is the first financial audit of GWEDC, the discussion and analysis contains no comparisons to the prior year. Future reports will include extensive financial comparisons as required by the Governmental Accounting Standards Board.

GREATER WAYNE COUNTY ECONOMIC DEVELOPMENT CORPORATION MANAGEMENT DISCUSSION & ANALYSIS SEPTEMBER 30, 2005 (Continued)

FINANCIAL OVERVIEW (Continued)

The assets of GWEDC exceeded its liabilities by \$16,154 at September 30, 2005.

ASSETS

Current Assets	\$123,606
Total Assets	\$123,606
LIABILITIES AND NET ASSETS	
Current Liabilities	\$107,452
Total Liabilities	107,452
Net Assets - Unrestricted	16,154
Total Liabilities and Net Assets	\$123,606

As indicated in the following schedule, the net assets of GWEDC increased by \$16,154 for the year ended September 30, 2005. The increase is attributable primarily to sponsorship income.

CHANGES IN NET ASSETS

Contributions - Wayne County Sponsorship Income Interest Income Operating Expenses	235,578 28,999 126 (248,549)
Net Income from Operations	16,154
Net Assets - Beginning of Year	0
Net Assets - End of Year	<u>\$16,154</u>

GREATER WAYNE COUNTY ECONOMIC DEVELOPMENT CORPORATION MANAGEMENT DISCUSSION & ANALYSIS SEPTEMBER 30, 2005 (Continued)

CAPITAL ASSET

GWEDC did not purchase any assets that exceeded its capitalization threshold during the year ended September 30, 2005.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND RATES

GWEDC has an operating budget of \$511,000 for the year ended September 30, 2006. GWEDC plans on continuing to build and grow economic development programs throughout fiscal year 2006.

CONTACTING THE MANAGEMENT OF GWEDC

This financial report is designed to provide the citizens, taxpayers, investors, creditors and others with a general overview of the finances of GWEDC. Questions concerning any information contained in this report or requests for additional information should be addressed to the attention of the Office Administrator at the following address: Greater Wayne County Economic Development Corporation, 600 Randolph, suite 323, Detroit, MI. 48226. Requests can also be made by phone at 313-224-0745.

GREATER WAYNE COUNTY ECONOMIC DEVELOPMENT CORPORATION NOTES TO FINANCIAL STATEMENTS SEPTEMBER 30, 2005

1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Greater Wayne County Economic Development Corporation (GWEDC) was created on November 22, 2004 as a Michigan Public Body Corporate. It was created through an inter-local agreement between the Economic Development Corporation (EDC) of the Charter County of Wayne, the EDC of the City of Taylor and the EDC of the City of Detroit for the purpose of administering economic development programs and functions in Michigan. The GWEDC has one program, One-Stop Center, which receives general fund money from the County.

Basis of Presentation

The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board (GASB), including statement No. 34, Basic Financial Statements and Management's Discussion and Analysis – For State and Local Governments, issued in June 1999. The Greater Wayne County Economic Development Corporation Authority follows the "business-type" activities reporting requirements of GASB Statement No. 34 that provide a comprehensive look at the GWEDC's financial activities.

Basis of Accounting

The Greater Wayne County Economic Development Corporation follows the rules promulgated by the Governmental Accounting Standards Board. Additionally, GWEDC follows all Financial Accounting Standards Board (FASB) Statements and Interpretations, Accounting Principles Board (APB) issued on or before November 30, 1989, unless pronouncements conflict with or contradict GASB. The periodic determination of revenues earned, expenses incurred, and net income is appropriate for management control and accountability; therefore, the proprietary fund model is followed, and the full accrual basis of accounting is used.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reported period. Actual results could differ from those estimates.

Cash and Investments

Cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition. Investments are valued at their fair value plus accrued interest in accordance with GASB Statement No. 31, Accounting and Financial Reporting for Certain Investments and for External Investment Pools.

GREATER WAYNE COUNTY ECONOMIC DEVELOPMENT CORPORATION NOTES TO FINANCIAL STATEMENTS SEPTEMBER 30, 2005 (Continued)

2) CASH AND CASH EQUIVALENTS

The Organization's cash and cash equivalents as of September 30, 2005 are maintained in two bank accounts at a single institution.

This balance is insured by the Federal Deposit Insurance Corporation up to \$100,000. At September 30, 2005, the entire balance was insured.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE WITH LAWS AND REGULATIONS AND INTERNAL CONTROL – BASIC FINANCIAL STATEMENTS

To the Board of Directors of Greater Wayne County Economic Development Corporation Detroit, Michigan

We have audited the financial statements of the Greater Wayne County Economic Development Corporation (GWEDC) as of and for the year ended September 30, 2005 and have issued our report thereon dated March 2, 2006. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

<u>Compliance</u>

As part of obtaining reasonable assurance about whether GWEDC's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statements amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

Internal Control over Financial Reporting

In planning and performing our audit, we considered GWEDC's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we considered to be material weaknesses.

Alan l. Young; Asso.
